

Platinum Earpieces

Impact's heavy duty, Platinum Series earpieces are the ideal solution for the professional user who can't accept anything less than the best!

Built for the most demanding environments, millions of Impact's Platinum Series earpieces are already in use by some of the toughest users out there.

All our Platinum earpieces feature:

- Kevlar™ reinforced cables for superior strength
- High-grade brass transducers (speakers) for crystal clear audio
- Top-quality, over-molded strain reliefs for maximum flexibility and durability
- High quality Knowles™ brand microphones and speakers
- Built for the heaviest duty applications including public safety and industrial uses
- Available with 3 different, field repairable earpiece styles

Applicable for these industries:

Construction

Healthcare

Industrial & Manufacturing

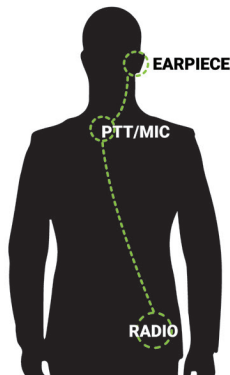

Public Safety

Transportation

Shown with AT1 acoustic tube

P1W

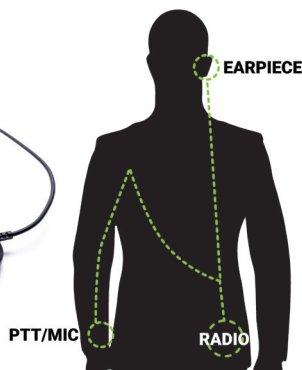

Our 1-Wire earpiece is suited for those that only need to wear the PTT/microphone on their shirt collar or lapel; ideal for warm weather locations or users wearing short sleeves.

- Full-size Push-to-Talk (PTT) switch operable with gloves
- Coiled top cable for added flexibility and movement
- Field replaceable parts and accessories
- OEM compatible replacement parts at incredible prices

Shown with D1 D-shape earpiece

P2W

Our professional grade 2-Wire earpiece is the top seller within the series. 2-Wires are for users that want the option of holding the PTT/microphone in their hand or worn on their shirt collar.

- Full-size Push-to-Talk (PTT) switch operable with gloves
- Field replaceable parts and accessories
- OEM compatible replacement parts at incredible prices
- Also available in BEIGE color cables (special order)
- EH1 earpiece style available for select radio connector types

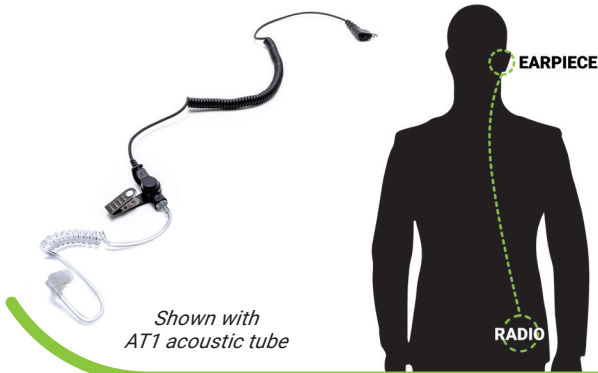

P3W

Designed for ultimate stealth. The P3W features a multi-directional micro MEMS surface mount Knowles™ microphone inside an incredibly small casing for true covert communications. The included dual clothing clips allow for multiple securing options.

- Available with acoustic tube (P3W-AT1), D-shape ear speaker (P3W-D1) or 3.5mm stereo jack for use with headphones (P3W-3.5)
- Also available with wireless remote Push-to-Talk (PTT) switch for select connector types (P3W-WPTT)
- Silent barrel Push-to-Talk (PTT) with clip for covert applications

PLO

The 1-Wire listen-only plugs directly into the radio for discreet receive-only communication and is ideal for those who supervise or oversee radio communications. There is no transmit function (Tx), only Receive Audio (Rx).

- Coiled cable for added flexibility and movement
- Field replaceable parts and accessories
- OEM compatible replacement parts at incredible prices

Available Earpiece Options:

AT1

Quick Disconnect Acoustic Tube

D1
